

# Locations Offering Undergraduate Programs

---

Not all degrees and majors are offered at every Webster University location. Campus offerings listed below are accurate as of April, 2024. Please see individual campus websites or Webster's Program Finder for current offerings.

*^Campuses marked with this symbol are located on military bases. Students may be required to produce a Real ID state or federal government issued picture identification to enter the base and may need additional documentation provided by the base. It is recommended that new international students coming from abroad who do not have U.S. government issued picture identification not be admitted to these campuses. Only current international students who have U.S. government issued picture identification should be admitted to these campuses.*

---

## South Carolina

Webster University provides undergraduate level students at its two locations in the State of South Carolina. All locations have dedicated classrooms, computer labs, student learning spaces and administrative offices. The locations are overseen by directors who can provide detailed campus information at the local level.

Webster University does not provide student housing in the State of South Carolina, nor does it find or assist a student in finding housing.

# Locations Offering Undergraduate Programs

---

Webster University's WorldClassRoom offers courses and programs that students can participate in any time of day or night, from anywhere they have a computer with internet access, such as work, home, the library, or while traveling.

Online students will be taught under the same rigorous academic standards as our traditional classroom programs, yet, everything needed to earn a degree or just take a course is online and accessible 24 hours a day, 7 days a week during the regular academic term. Due to this dynamic environment, students can expect regular interaction and feedback on work submitted within 7 days.

WebNet+ is a new online video offering at Webster University, which is available for a limited selection of courses and programs. WebNet+, Webster's Networked course delivery method connects students and faculty in real time to learn, engage and collaborate. This allows Webster students from any location to enroll in one of the selected courses and participate virtually in discussions and activities. WebNet+ courses are synchronous, which means that students are expected to login and participate throughout the entire session through technology such as WebEx or Vidyo as well as WorldClassRoom.

Online programs and courses are continually being developed to serve the needs of Webster students. A list of current online programs can be found at [www.webster.edu/online](http://www.webster.edu/online).
