SAN ANTONIO METRO CAMPUS ANNUAL CRIME STATISTICS

This section of the Annual Security Report explains what type of crimes institutions are directed to include under the Clery Act, as well as how the University obtains and tabulates these statistics each year. Reporting tables are provided which include crime statistics for the calendar years 2020-2022.

Preparation of the Annual Crime Statistics

The statistics included in the Annual Security Report are compiled by the Department of Public Safety (DPS) with assistance from a wide range of other University administrative departments, including but not limited to Campus Directors and Assistant Directors at branch campuses, Student Affairs, Human Resources, and Title IX. DPS collects statistics from these departments and other University Campus Security Authorities (CSAs),[1] on an ongoing basis throughout the year and follows up with an annual request for confirmation that all reports of crimes received by CSAs have already been reported to DPS. DPS also annually requests crime statistics from local law enforcement agencies which could potentially respond to calls anywhere on this campus' Clery reportable geography.

Explanation of the 2020-2022 Crime Statistics Reporting Tables

Under the Clery Act, institutions are only directed to disclose statistics for specific offenses, (collectively referred to as Clery Act Crimes) which were reported to have occurred in one of the following four[2] geographical locations associated with the University:

On-Campus: 1) Any building or property owned or controlled by an institutionh

Facility Maintenance

The campus' facilities and landscaping are maintained in a manner that minimizes hazardous conditions.

Access to Campus Facilities

This campus includes well-equipped classrooms and administrative space. The University's facilities are generally open during normal business hours and when classes are in session. Campus administrators are responsible for coordinating the issuance of any necessary access cards, keys and access codes for students, faculty and staff, and authorized visitors.

Security Awareness & Crime Prevention Programs

Education is another key component of maintaining a secure campus. The Department of Public Safety at the main campus in Webster Groves offers certain online resources which are available to campus community members at all of its branch campuses. The Department of Public Safety and the Campus Director plan to continue to work collaboratively to continue to develop additional security awareness and crime prevention programming for students, employees or faculty at this campus.

Crime Prevention Programs

The University provides all students, staff and faculty with access to a variety of videos on Campus Safety, including crime prevention tips. These videos can be accessed from student, staff, and faculty's Webster University Connections page under the "Crisis Response" tab. Additional crime prevention tips are provided in Appendix A to this Report.

Regardless of the specific focus of the programs presented, the University's security awareness and crime prevention presentations emphasize the need for participants to be responsible for their own security and safety, as campus safety requires collaboration between the University, students, faculty and staff.

Additional crime prevention, security awareness programs and resources (including Active Shooter training) are also available to interested individuals and groups of students, parents, staff and faculty by request.

Webster University's Title IX Team

Webster University's Title IX Team is led by the University's designated Title IX Coordinator, Kimberley Bynum-Smith. Ms. Bynum-Smith is the person Webster University has designated to ensure Webster complies with Title IX. The Title IX Coordinator's duties include overseeing all Title IX reports of alleged policy violations and identifying and addressing any pattern or systemic problems that arise during the review of such reports of alleged policy violations.

The Title IX Coordinator has ultimate oversight responsibility and works with a Deputy Title IX Coordinator and investigators who assist in fulfilling the Title IX Coordinator's responsibilities. Members of the Title IX Office receive training at least on an annual basis related to carrying out their roles and responsibilities. Contact information for Ms. Bynum-

As required by law, disclosures to any other Webster University employee of a sexual assault, incident of dating violence, domestic violence or stalking will be forwarded to a Title IX Coordinator, and in the event that the incident meets the definition of a Clery Act Crime and allegedly took place on the University's Clery Act Geography associated with this campus will be included in this campus' annual crime statistics and may result in a Timely Warning (Campus Safety Alert). However, the annual crime statistics and Timely Warnings never include any personally identifying information[13] about the reporting party.

Other Considerations Regarding Incidents of Sexual Assault, Dating Violence, Domestic Violence or Stalking

Seeking Prompt Medical Attention

Regardless of whether (or to whom) an individual chooses to make a report, the University strongly encourages anyone who has experienced sexual intrusion, sexual penetration, dating or domestic violence to seek prompt medical attention. A medical examination can identify any internal trauma, test for sexually transmitted diseases, as well as obtain appropriate medical evidence should one choose to pursue legal charges at some later date. In the event that an individual chooses not to participate in forensic evidence collection, health care providers can still treat injuries and take steps to address

criminal offense occurred or may be helpful in obtaining a protection order. Such evidence may include, but is not necessarily limited to, physical evidence or electronic or written communications.

Preserving Physical Evidence through a Forensic Exam

Any individual who believes he or she may wish to pursue legal charges are advised not to bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted (if the offense occurred within the past 96 hours) prior to a medical exam. However, individuals who have already engaged in any of these activities, can still choose to have an exam performed.

Preserving Other Forms of Evidence

In cases where individuals believe they may be interested in pursuing criminal and/or civil charges, it is also important to work with local law enforcement agencies so that statements can be taken and evidence can be collected immediately. Reporting parties are also encouraged to save evidence such as letters, notes, emails, records of phone calls, videos, photos, texts, social media postings (Facebook, Twitter, etc.), computer screenshots, voicemails, or any other form of evidence that may be helpful to a criminal investigation or campus judicial proceeding.

Amnesty from University Drug and Alcohol Policy

The University encourages reporting and seeks to remove any barriers to reporting by making the procedures for reporting transparent and straightforward. The University recognizes that an individual who has been drinking or using drugs at the time of the incident may be hesitant to make a report because of potential consequences for his/her/their own conduct, which may violate other University policies and codes of conduct.

An individual who reports sexual misconduct will not be subject to disciplinary action by the University, for his/her/their own personal consumption of alcohol or drugs at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk. The University may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs. This amnesty policy applies to the University's student conduct process as well as related policies applicable to students, faculty and staff.

While the University may waive disciplinary action under its policies related to use of alcohol and drugs as indicated above, it retains the responsibility to report any illegal use of these substances as required by law and will act in compliance with those laws.

University Response to Reports of Sexual Assault, Dating Violence, Domestic Violence or Stalking

The University will promptly and effectively respond to reports of sexual offenses and harassment and will take appropriate action to prevent, correct, and if necessary, discipline behavior that violates this policy. While the University takes reporting parties' confidentiality very seriously, it is important for reporting parties to recognizeDomepce of acusef

relevance to create an investigative report that fairly summarizes relevant evidence. Materials used to train the University's Title IX Coordinators, investigators, decision-makers, and any person who will promote impartial investigations and adjudications of formal complaints of sexual harassment.

Notifications to Reporting and Responding Parties

The Title IX Policy states that in all cases of allegations of violations of the Policy, the reporting party and responding party will receive simultaneous notification, in writing, of: (1) any result of a disciplinary proceeding (including the rationale for the result and any sanctions imposed); (2) procedures for the reporting party and responding party to appeal the result of the disciplinary proceeding; (3) any change in the result of a disciplinary proceeding (including the rationale for the result); and (4) when the results of any disciplinary proceeding become final.

Standard of Evidence

The standard of evidence to be used to determine responsibility in the processing of a formal complaint is the preponderance of the evidence standard. Notwithstanding the suggestion or mandate to apply, in general, any other evidentiary standard to charges or complaints against faculty or other University personnel, where any respondent is accused of sexual harassment in a formal complaint, the standard

(4) *Formal complaint*. The term "formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the University investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the University with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person,

(4) *Scope of the University's Responsibility to Respond.* For purposes of this Policy, the phrase "education program or activity" includes locations, events, or circumstances over which the University exercised substantial control over both the respondent and the context in which the sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the University. The phrase "education program or activity" also encompasses conduct occurring on the University's computer and internet networks, digital platforms, and computer hardware or software owned or operated by, or used in the operations of, the University.

E. Reporting or Filing a Formal Complaint of Sexual Harassment.

A conflict of interest that precludes a person from holding a Title IX Coordinator, investigator, decision- maker/hearing officer or appeal officer role is one that would undermine the person's ability to approach an allegation or formal complaint of sexual harassment with impartiality. Such a conflict could arise, for example, from an intimate relationship or a very close personal relationship; however, merely knowing a complainant or respondent will not constitute a conflict of interest for purposes of

(viii) Standard of Evidence. The standard of evidence to be used to determine responsibility in the processing of a formal complaint is the preponderance of the evidence standard. Notwithstanding the suggestion or mandate to apply, in general, any other evidentiary standard to charges or complaints against faculty or other University personnel, where any respondent is accused of sexual harassment in a formal complaint, the standard of evidence shall be the preponderance of the evidence standard.

(ix) Equal Opportunity to Present and Inspect Evidence. The University's investigation and adjudication of the allegations must be based on an objective evaluation of the relevant evidence available in a particular case; however, the type and extent of evidence available will differ based on the facts of each allegation of sexual harassment. The investigator shall provide an equal opportunity

calendar days) for the party to prepare to participate.

(xv) Consolidation of Formal Complaints. The University reserves the discretion to consolidate related formal complaints as permitted by the Title IX Regulations.

(4) *Informal Resolution*. If a formal complaint is filed, the parties may voluntarily agree to engage in an informal resolution process to attempt a resolution of any formal complaint except those involving allegations that an employee sexually harassed a student. The University will facilitate such an informal resolution process with the consent of the parties. Such an informal resolution process can occur at any time prior to reaching a determination regarding responsibility. If the parties resolve a formal complaint through an informal resolution process, the parties will be precluded from resuming a formal complaint arising from the same allegations that were included in the resolved formal complaint. If a party chooses to withdraw from an informal resolution process at any time prior to a resolution being reached, the formal complaint shall return to the grievance process. The grievance process timeline contemplated in this Policy shall be held in abeyance for any period of time during which a formal complaint is pending in an informal resolution process.

(5) *Hearing Procedures*. Following an investigation of a formal complaint, the formal complaint will be submitted to a live hearing, presided over by the decision-maker. The following procedures shall apply to such a live hearing:

(i) Availability of Evidence. The University will make all evidence considered in the preparation of the investigation report concerning the formal complaint available to the parties for their inspection and review at any hearing so that each party has an equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

(ii) Questioning of Witnesses. At the live hearing, the decision-maker must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. All questioning of parties and witnesses shall occur in a respectful, non-abusive manner. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally. If a party does not have an advisor present at the live hearing, the University will provide without fee or charge to that party, an advisor of the University's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

(iii) Advisor Participation. A party shall notify the Title IX Coordinator at least five (5) calendar days prior to a scheduled hearing if such party has engaged an advisor (including the identity and contact information for such advisor) to perform the questioning of the opposing party and witnesses at a hearing on the party's behalf. If a party does not have an advisor, the University will appoint an advisor (of the University's choice) to perform questioning on behalf of the party at the hearing. Such an advisor has only one obligation at hearing: relaying the party's desired questions to the other party and witnesses (to the extent such questions are consistent with the decorum and other rules set forth in this Policy and imposed by the decision-maker equally on both parties). If a party to whom the University assigns an advisor refuses to work with the advisor when the advisor is willing to conduct cross-examination on the party's behalf, then the party has no right of self- representation with respect to conducting questioning at the hearing, and that party would not be able to pose any questions.

(iv) Opening and Closing Remarks. At the outset of the live hearing, the decisionmaker will permit

by majority vote of the Board. He or she also determines the sequence of testimony, including the option of having all principal parties meet together in the hearing. All those who participate in the hearing are obligated to conduct themselves in an orderly manner and to obey and abide by the presiding officer's rulings. The Dean of Students attends all hearings to serve as an advisor in the process.

Once all testimony is heard or read, the student being charged, and the charging party are asked to make a final statement and the Hearing Officer or Board members are given a final opportunity to ask questions. All persons other than Board members and the Dean of Students are then excused and the Board meets to render a decision. The Dean of Students does not vote.

The Hearing Officer or Board decides whether there was a violation of policy using a standard of "more likely than not." They also determine whether the charged student should be held responsible for that violation. If so, sanctions are also imposed on the responsible student. Each decision must have been reached by a majority of the Board. Once a decision is reached, the student being charged is informed orally of the decision by the Dean of Students. Both parties receive the decision in writing from the Dean of Students as soon thereafter as is practicable (the charging party is informed only if the student charged signs a release form or if the case involves a violent act).

Appeals

Grounds for appeals:

- Procedural error
- New evidence
- Excessive sanction

Limits of appeal and sequence of appeal:
A student found in violation of a stated policy may appeal a disciplinary decision only once, based on one or more of the criteria cited above. The appeal may take place in one of the following stages:

Appeal of a decision by / Appeal to:

- Community Director in Residential Life / Associate Dean of Students
- Dean of Students or Coordinator of Student Affairs / University Student Conduct Board
- Academic Dean (or designee) / Provost
- University Student Conduct Board / Vice President for Enrollment Management and Student Affairs Appeal Procedure

The individual seeking the appeal must indicate, in writing, the specific bases or reasons for his or her appeal. The appeal statement should include the following: Student's name, ID#, local address, phone number, reason for appeal (see 7 a. above), and appropriate information regarding why the appeal should be granted. The letter should be of sufficient detail to stand on its own without accompanying testimony to permit the evaluation of the merit of the grounds for appeal. For example, if there were procedural errors, the errors should be identified, and it should be noted what effect those errors had on the outcome of the case. If there is new evidence, the nature of that evidence and the potential effect on the outcome of the case should be noted. If the student believes the sanction was excessive, the student should take great care to note why they believe the sanction was excessive and should suggest a more reasonable sanction.

The appropriate Hearing Officer or an appeals committee of the University Student Conduct Board will consider the written statement of appeal and recommend action to be taken: denial of appeal or a new hearing. The individuals involved will receive written notification of the decision from the Dean of Students.

If the result of the appeal is an order for a rehearing, the hearing procedures described above shall apply. A new panel of Student Conduct Board members would rehear the case.
